There are even leaderboards where we can view other players' statistics. Simply start a new game, then enter your name, and your stats will be added to the online leaderboard. Your score will consist of the number of chains, the longest chain number, how many times you've ended a chain by flipping heads or tails, and how many flips you've completed. There are plenty of achievements to unlock and challenges to prove that you're the best!",

You need a lot of coins by idk man on 2018/02/23 16:13 It's a fun game but you have to be extremely patient and keep collecting coins over and over again just so you can get any upgrades or anything better. It's like you're never going to get the update you want and it's very frustrating. And the whole thing where you have to spin so that you earn more coins and then you get a random chance of getting coins is just aggravating. The only reason I am writing this review now is because I played this game for almost a year while waiting for an update or something good to happen but it never did and I was sick of it. The thing that ticks me off the most is that I live far away from my friends and I wanted to be able to talk with them but you need a certain amount of coins just to be able to talk with people and I thought it was very unfortunate because when your trying to play games and win coins, it's hard and then you have to waste more of your time just so you can talk. Yes, you can use ur coins for getting power ups but in order for u not to be broke, u needa save up for the power ups so they have something interesting. If you're like me and like to talk to your friends while playing or get things for your farm, do not play this game. It is one big waste of time and it takes so long to progress. And the chat ain't worth it either lol",

Five "card packs" were released after completion of level 3105 on March 16, 2018 available exclusively through United Pixelworkers' Facebook page. The packs are currently only available on iOS devices, however they will be released on Android after the PC release of the game.",

A spin off title for iOS devices called "Coin Master: Dig Deep" has been released by UPI (United Pixelworkers). On January 10, 2018 GamesBeat published an article that mentioned a new release titled "Coin Master: Poke Map" was being developed by United Pixelworkers for the iPhone. The game is available for iOS devices in beta form as of February 2018 and is free to download from the App Store. This title is an alternate version of "Coin Master" where players can view the world around them (using real location coordinates) and find loot based on their current location within the game. It also includes a newspaper titled "Coins & Curses Adventure" which is about "Coins & Curses Adventures". An article on the website says that the game was created to satisfy the desire of players for a Pokeman Go style experience with "Coin Master: Dig Deep".",
