Coin master has been out for a few months now and is the first game of its kind and has had an overwhelmingly positive response. We here at TheGamesLovers thought that we would take a closer look at how this game works, what is needed to play, and what makes it so addicting.",

Coin master currently has a 4.5 star rating on Google play with over 8,000 reviews, and a 3.5 star rating on the iOS app store with almost 2,000 ratings. This is probably due to the fact that while this game is not the most addictive or fun around, it definitely is a good game to pass time with if you have nothing else to do. The graphics are nice and colorful and the concept of going from island to island collecting treasure along with your pet fish is unique compared to other games out there. I also enjoyed how there were achievements and collectables you could purchase at certain levels which allowed you to work toward achieving something special in the game as well as progress through it more easily. Besides that, I feel like this game is definitely worth a download and worth 5 dollars to unlock all of the cool stuff, but as it is right now I wouldn't recommend it.

Good Summary Coin master is fun to play, but not nearly as addictive as other games out there. Worth it if you love price charts and achievements, otherwise try other games first.",

On January 10th, 2016 United Pixelworkers released a free "Coin Master" themed virtual pinball table through Pinball Arcade game for mobile devices, IOS and Android platforms. This pinball table has over 100 levels of play including three unique modes that were never included in the original game due to time constraints The full version of the table was available for purchase to those who had previously purchased the original CoinMaster app.",

"Coin Master App" has been rated as 4 stars out of 5 on Google Play(4.6) and 4.5 stars out of 5 on the App Store(4.5) for both Android and iOS devices. It has also been rated as 4 stars out of 5 on Amazon(4.17).",
