Robux is the virtual currency for the game Roblox and it is used to buy a variety of items such as gear or apparel for an avatar. Roblox players can earn free robux through games, purchases or selling their creations on the site. Like I said, the free robux is a great thing to have in your account for almost everything that you need in the game. And it's also very hard to find free robux. There are other ways to get free robux, but they are very hard if not impossible to get most of them.

What I would love to see is more updates for games like minecraft, and many more updates. Also to add new games such as an RPG game (something similar to LOTRO) maybe something similar to wow where you come out of the game and control different characters. If we all work together we can get Roblox updated with these new games instead of waiting till now where there are a lot of glitches.

There are many ways to earn Robux in Roblox such as: – You can get free Robux if you play certain games in which you can win free Robux or prizes that have a high value later on. The more popular the game is, the more people playing it means the game has a higher chance of giving rewards. – Another way to get free Robux is by completing surveys or writing a review. – Playing Roblox games and participating in certain challenges can earn you robux, as well. – You can also earn Robux by performing automated tasks such as watching ads or watching videos.

The developers of Roblox use the "Terms of Service" and "Privacy Policy" to monitor accounts for violations to these rules, also using the "Report Abuse" feature where other players can report any rule breaking or inappropriate content to moderators.

In May 2018, it was reported that the company had over 300 million daily active players worldwide. This includes the users who are in moderation, which is approximately 95% of all players. In addition, based on their own estimates, they stated that over 50% of these players play Roblox daily.
