The great thing about Minecraft is that it gives you unlimited freedom to do whatever you want. Sometimes the game can be a bit boring or repetitive, so there are a lot of people who choose to download mods in order to change how the game plays. Minecraft is a fantastic game, but it can get boring rather quick if you don't add some mods to spice things up. If you have noticed your Minecraft friend getting bored with the game and not playing as much, then the best thing to do would be to introduce them to mods. Mods are basically programs that make changes to your Minecraft game, and they have an unlimited number of uses. Some of the most popular mods out there adds extra blocks or tools, while others adds features like guns or zombies. Whatever kind of mod you are looking for there is bound to be one out there that suits your needs, and all you have to do is download it for free from the internet.",

With the release of Minecraft Bedrock Edition, Mojang team also announced that they will support servers better than ever. That means that once you launch a server, no one can stop it unless you shut it down yourself. Before this update, if your Anti-Cheat software is not updated, or you don't have a firewall but still want to run a successful server, people can easily hack into your server and ruin everything. With the new updates coming soon to Bedrock Edition servers, this problem will be solved and everyone will be happy playing on their favorite servers.",

"Rust" was first announced on August 14th 2021 at PAX East by Garry Newman of Facepunch Studios at the "Facepunch Developers Showcase", being introduced primarily via podcast "Coffee with Garry". Announced as a survival game set in an "M-rated" world with mining and crafting, the game became playable on Steam Early Access on January 12th, 2021. After five months of development, Facepunch decided to shift their focus towards releasing modding tools and the ability to edit the design of popular maps instead, which they started implementing into the game on June 18th.",

Multiplayer mode will help you to practice your skills and perfect them while you have a good time with friends on your server. In this mode, each player starts off in their own private world, where they are free to build whatever they like without any limitations. There are no rules and no laws, meaning that you can build whatever you like, but don't forget to choose the right location when building your house. When playing against other players, be careful not to cheat! You can use various cheats to get an advantage over other players though.",
