These kinds of mods are used to fix bugs and glitches that occur in Minecraft. They will try their hardest to get rid of all of the issues that are plaguing your game world. They may not actually change anything else in the game but they can make your experience a lot better. Better UI Mod: This kind of mod changes the user interface to make it easier to use. They will change the way you move, build, and craft items. This is a very user-interactive kind of mod and can be used for a variety of different things.",

Some players use a variety of hacks, cheats and exploits to gain an advantage over other players. These are typically known as "maphacks" and give players the ability to see through walls, fly around the map, teleport between locations, and relocate blocks from one place in the map to another.",

Players build a random world in which you aren't guaranteed the same biome behind every block. All the biomes can be accessed by "spawning" into them in survival mode through an anomaly. Survival Games Servers: Players complete a challenge and win prizes such as weapons, armor, unique items, etc - These servers are focused on playing mini games in order to win rewards.",

The game's graphics were heavily criticized in reviews. Many reviewers commented on the low-fi, blocky nature of the character models. Furthermore, many players expressed discontent with how easily they could break objects in-game.",

We have a section for non-combat servers that take care of all your needs in game. Founded over 15 years ago, Minecraft Servers is the oldest and most trusted unofficial list of city, roleplay, SkyBlock and other types of servers.
