On a positive note, the game also allows players who are unable to play due to technical issues to create their own customized server in order for them to continue playing the game with their friends. On July 8th 2017, Facepunch Studios announced that "Rust" would be rebuilt with the use of a new development engine in order to create next-generation visuals and longer-term gameplay improvements.",

Gamy also offers combat friendly Minecraft servers so you can play on your own server without being attacked by other players or grieved by admins. If you want to play on a combat friendly server, click here for more information.",

The game was originally named 'Pixelmon' by the creator of Minecraft, Markus Persson (also known as Notch). It was inspired by crafting games like Little Big Planet and the popular multiplayer game World of Warcraft. Minecraft, like World of Warcraft, is a game that is played in a virtual world. It does not have a storyline or character progressions like most RPGs do. Instead, Minecraft offers players the possibility to build almost anything they want. You can create the same things that you see in Minecraft with your own imagination and creativity.",
