"Rust's primary gameplay revolves around gathering resources and crafting items in order to survive in a harsh environment riddled with other players. The primary task is to craft weapons, beginning with only a rock and a torch as tools at the beginning of the game. Once enough resources are gathered, tools such as pickaxes can be made in order to speed up collection of resources which are spread randomly across the map. These resources include wood, stone, metal as well as a variety of gas canisters and cloth/thread. Later on in the game, electricity can be generated by large generators requiring the same gas canisters found earlier in the game."

Players go to survival maps and try to outlast each other by surviving as long as possible without breaking blocks. Random World Servers: Players build a random world in which you aren't guaranteed the same biome behind every block. All the biomes can be accessed by "spawning" into them in survival mode through an anomaly.",
