Minecraft Servers are a great way for many players to make friends, build their communities, and roleplay with other players online. It's also an easy way for users in homes and small offices without dedicated servers to have fun together through roleplaying or sharing their creations with friends around the world."

Players go to survival maps and try to outlast each other by surviving as long as possible without breaking blocks. Random World Servers: Players build a random world in which you aren't guaranteed the same biome behind every block. All the biomes can be accessed by "spawning" into them in survival mode through an anomaly."
