Rated 5 out of 5 by Anonymous from I love roblox This game is great! I play it all the time, it helps me a lot with my school work! It also helps me get better at math and reading. We are supposed to have it in our classroom but we only used it for homework so far. The thing that I don't like about this game is that some one really has to tell you what to do. They don't run the servers themselves so they often change things and cut off some features. It's also expensive, but I think it's worth the money.
