At the end of a game, players can view and edit their stats by using the "My Stats" link. This section of Roblox allows players to view data such as number of games played, experience points, badges earned and a few others. Players can only see this section if they have played at least one game online that day.

The Chat Room is an area where players can talk or text either with themselves or with other players. The chatroom is separated into different categories, depending on what players are doing. Normal chat rooms for most players will probably contain users asking different questions about the game as well as people chatting about their creations. Other chatrooms include a room where people can indicate whether they want someone to play their games or put them up for sale and a "Celebrity Chat" that allows known celebrities to visit and hang out in the chatroom.

I play this game because there are still lots of games to play and exciting things to do on roblox and this game includes places all over the world, like, for example: I went to see where Roblox came from and it was really cool! This is one of my favorite games that have ever existed.

This method was first used by other players who used this tool and posted how frequently it worked for them. This is a very efficient set of cheats and it is very easy to use in comparison to other similar ones.
