Rated 5 out of 5 by Anonymous from The best game ever! ROBLOX is one of the greatest games I've ever played. It lets you make your own adventures with your friends or in single player mode! This game I'd give a 10/10 because you can build anything you want, and there are still many things to do. For example, if you're tired of building things, there are games to play on Roblox. You can be a police officer, a fire fighter, or even an architect! Roblox is a truly awesome game that needs to be experienced!

ROBLOX also allows people to manipulate the games in an unfair way; they can do this by changing the difficulty level of a game or removing potential players from playing a game. They also can sell cheat codes on their website. This is similar to the "scams" created by advertisers in that they are selling cheats for an unfairly high price (such as \$2.50 USD) so that only people who pay will be able to use the code to cheat or hack the game. However, this is an unfair way of making money.

Downfall: Roblox's popularity has fallen since the launch of Minecraft. An older version of Roblox, Blocks, Inc. was sold to ROBLOX on April 1, 2005 for \$3.5 million.[68] Since then, Roblox has not been able to compete with other similar game sites like Minecraft and World of Warcraft in terms of revenue and popularity. However, they are a profitable company with many projects in development.
