Builders Club Premium can be used in games greatly increasing the amount of Robux and/or XP a player earns by a given amount. If used, then Builder's Club is required to play those games. There are two types of premium features: content premium and currency premium. Content Premiums typically involves a single item or feature that changes the game mechanic, such as more life points and/or more room to build, or increased maximum health for monsters. Currency Premiums usually involve the addition of new items to the game that are only available through favorable conditions (for example, allowing players to purchase a specific item for Robux). Some Currency Premiums can also require membership in Builders Club.

I don't think that I will ever return to Roblox, but I can't say I won't miss it. It's the type of game that I can play and enjoy when I feel like doing so. But as much as I want to keep playing, there have been a lot of games that have come out in the past years which are a lot more interesting than Roblox, such as Minecraft and even Runescape!

I have always wondered why people enjoyed playing Roblox so much. I think it's because it's very similar to Minecraft in many ways; for one thing, the graphics are very childish which got me interested at first. Because the game is customizable, you can choose to look at the world through a little boy's eyes or that of an adult. I chose to be an adult for a time, but it was always hard to play because it would become so boring. But at some point when I was playing Roblox, my interest in it started to fade away. The reason for this is because of the new updates they made to Roblox. Now there are so many advertisements everywhere and so many games being added every day. You never play with friends because everyone has their own account and their own games they are playing. Even if your friends are on, you have no idea who they are because they could just be anyone.
