Noooooo by Binkybunnykitty1234 on 2017/11/02 15:06 There is wayyyy too many ads in this game. It is so frustrating. I lose my lives because of all the ads. I spend money to get better equipment and try to get more lives but then the app glitches and logs me out. Then I am stuck with only a couple of lives left. Then when I go back on the app, it deletes half of my stuff that I worked hard to get, like levels that took me hours and days to complete. I would not recommend this game to anyone."

Awesome game by hhsnbhbg on 2017/10/09 18:52 I have many fun and exciting games, but this one is my favorite. This game is very fun and creative, and there are so many ways to play it. It is hard because there are so many different types of games you can play, but overall this game is really fun. I love it a lot, and i am addicted to it. The games are very interesting and the graphics are awesome too!"

In March 2018, United Pixelworkers announced that in addition to adding new features and content to "Coins & Curses 2" such as a higher level cap and additional cards, they were also working on a PC version of the game titled "Coins & Curses Adventure". This title will be an "RPG style" adventure game based around a similar theme."

In April 2018 Moon Active announced that they had signed an agreement with Marvel Entertainment to create a new version of Coin Master based on The Avengers franchise. The game is titled "Coin Master: Marvel's Avengers" and was designed by Moon Active in collaboration with Marvel Games. This version of the game is expected to be released for Android and iOS mobile devices in 2019."

On August 23, 2018, Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for Android as a free app (it is not available on iOS). This "Coin Master" title features an updated version of the popular video game "Puss in Boots". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains microtransactions which can be removed by paying \$4.99 for an ad-free version. The user review for Coin Master: Puss in Boots is composed of 1.0 out of 5 stars (out of 1 vote) from 1 user, with a user rating of 2.0 out of 5 stars (out of 3 votes)."
