In a response, Roblox stated that the employee who did this was dismissed after a thorough investigation and that they are committed to making improvements to their workplace environment. The Free Robux application is compatible with almost every device, and can be used to play games on the computer or on your smartphone. This means that users can play games offline when they are not connected to the internet. The 100Robux app is compatible with the devices which launch in 2017, such as iPhone 7, Samsung Galaxy S8 and Google Pixel.

Rated 5 out of 5 by Anonymous from The best game ever! ROBLOX is one of the greatest games I've ever played. It lets you make your own adventures with your friends or in single player mode! This game I'd give a 10/10 because you can build anything you want, and there are still many things to do. For example, if you're tired of building things, there are games to play on Roblox. You can be a police officer, a fire fighter, or even an architect! Roblox is a truly awesome game that needs to be experienced!
