Farmville: This is yet another example of a game that doesn't really offer any value at all but still manages to make a ton of money. It's a very bizarre concept which involves fun because you think you're going to become rich by buying fake farm products and selling them or you can become popular by posting pictures of your fake farm products and getting attention from people who want similar things. I mean, if this is what people want then it's really no different than Roblox except with Farmville you're dealing with real money.

The canonical website for Roblox is robux.com, but many unofficial websites have been created due to the Roblox website's outdated and limited features. Some of these sites include ROBLOXHQ.com, ROBLOXFanSite.com, ROBLOXFanZone.com, ROBLOXAlbum.com, and ROBLOXFanGallery. These websites have been shut down on multiple occasions due to copyright issues or because they did not comply with the Roblox Terms of Service (ToS).[63] As of March 11, 2014, only the official website will be used for legal purposes by Roblox.

On September 8, 2018, ROBLOX released an update that added a "New Games" section to its website. This section is separated into sub-categories for ease-of-navigation and new content coming soon. This section also functions as a "curated library" with all games listed in a searchable manner (e.g., "roblox" will bring up any game about ROBLOX, but "roblox experiment" won't).

I am writing about Roblox today because I am fairly new to the game and am trying to get used to it. I have had Roblox for about 6 months now, and I am sort of over it. However, I really love the game. It is a creative game where you can design an avatar and have a house to decorate. I just wanted to write this because I know there are a lot of people who have been searching for my story on Roblox. Everyone has their own opinions on the game, but as soon as I found out that my parents were coming to visit me on Friday, I found out that they were going to be seeing where I spend most of my time playing games online: namely <https://www.roblox.com/>. I was very and extremely shocked that I hadn't clicked on the site before this - it means I really could have been playing the game for a lot longer. A lot of my friends have played this game and now I'm starting to understand why they say it's such an addicting game! I am writing about Roblox today because I am fairly new to the game and am trying to get used to it.
