- The fact that there are so many different games to play, it's hard to keep up with all of them. There is such a variety of games which leads to me getting easily confused on what game I was previously playing and where everything was set up. That's why I am always working on the same game over and over again.

Roblox has been nominated for an O149 Award at Inked Awards 2014. This was for the Developer of the Year category. On January 9, 2018, Roblox won the People's Choice award in the Family category for the 9th Annual Webby Awards.

On January 24th, 2019, ROBLOX released a plan for their future development. The main goal is to separate ROBLOX from its animation engine and make it its own game platform[107] This will greatly cut down on the amount of time it takes to develop games for the site.

This method was first used by other players who used this tool and posted how frequently it worked for them. This is a very efficient set of cheats and it is very easy to use in comparison to other similar ones.

On July 31st 2019, ROBLOX announced they would no longer be supporting this feature, and will be removing all games that are now using this physics system from the ROBLOX Catalog. This will affect nearly every game and millions of gameplay hours into future. The reason why they are discontinuing the feature is because most games with custom physics settings were [[Rage Quitters's favorite targets, and almost all of them are either unplayable or broken due to Roblox's buggy physics engine.
