On September 4, 2018 (3:00 PM), ROBLOX released a new game called "Roblox Shops". This game is similar to Roblox High School and Friends, only that it's a shop simulator. The gameplay involves shopping and using items in order to get more money as you play the game. The game was started by the company's developer and the first player of the game was the CEO.

The main reason for this update was to make ROBLOX a lot more social, as at the time the website only had game-based features. Also, players can now buy items (e.g., skins & backgrounds) with in-game currency and have them delivered to their homes.

ROBLOX released a new website design on August 1, 2017 (10:00 AM). This redesign changes many things for user convenience, also the entire site was re-coded from scratch to be more efficient. The creators of ROBLOX have a goal for ROBLOX to be widely used in all aspects of life and they wanted people around the world to have access to ROBLOX. To achieve that, this redesign is part of their overall plan which includes global expansions.

This is not just about getting free robux in roblox. Instead, it is all about creating your own community and having players interact with each other.

This kind of game play can be very interesting, and you can always have fun every day just by playing different games everyday. The best thing about this game is that it offers multiplayer functionality, so you will be able to play with friends. In addition, there are a lot of other cool features on the game that make the experience even better.

Roblox was founded in 2004 by David Baszucki and Erik Cassel. They currently reside in San Mateo, California. Roblox was originally created in 2000 as DynaBlocks, and then it was called Blocks, Inc. The name was changed to Roblox when it launched in 2004.
