I just wanted to let the readers know that Roblox is not a bad thing for children to play. It teaches them a lot of skills that will help them in the future. It teaches them how to be helpful, creative, and patient. I am writing about Roblox today because I am fairly new to the game and am trying to get used to it. I have had Roblox for about 6 months now, and I am sort of over it. However, I really love the game. It is a creative game where you can design an avatar and have a house to decorate. I just wanted to write this because I know there are a lot of people who have been searching for my story on Roblox. Everyone has their own opinions on the game, but as soon as I found out that my parents were coming to visit me on Friday, I found out that they were going to be seeing where I spend most of my time playing games online: namely <https://www.roblox.com/>. I was very and extremely shocked that I hadn't clicked on the site before this - it means I really could have been playing the game for a lot longer. A lot of my friends have played this game and now I'm starting to understand why they say it's such an addicting game!

Rated 5 out of 5 by Anonymous from I love roblox! This game is awesome! It has a lot of cool things to do, you can get characters, build houses in creative, play games in the arcade. There are a lot of things to do in this game. I think you should download it now!! :)

Roblox is a video game platform created by American programmer David Baszucki in 2006 as a social game for children ages 8 to 13. The game is free to play, but contains some limitations like the amount of characters and objects that can be placed in a single game.

ROBLOX also has a wide variety of blueprints ranging from minigames to full games. ROBLOX's game engine runs within their own website, which they call the "Roblox Platform". The platform also has its own virtual servers that are separated between each user (known as Virtual Worlds). ROBLOX licenses the servers from Sabre Corporation. This means that the servers benefit ROBLOX and not any individual person or company. A private server is solely controlled by an individual and can only be accessed through the client provided by them.[33][34]

Some people also complain about the game being too confusing and requiring so much effort just to make 1 point or get Robux, even though it only takes about 3-6 hours of playing. They say that "Robloxian life" is actually a scam and they struggled to get it.
