At the end of a game, players can view and edit their stats by using the "My Stats" link. This section of Roblox allows players to view data such as number of games played, experience points, badges earned and a few others. Players can only see this section if they have played at least one game online that day.

On multiple occasions, ROBLOX has been hacked into by outside sources. In one of the more recent hacks (2012), hackers took advantage of an exploit to provide themselves with unlimited build tools in games. Users without knowledge of the exploit were forced to leave the game because the tools were infinite and other players could not stop them. This issue was not fixed until two days later. [9] ROBLOX has a rule against using bots (automated scripts that allow players to automatically perform actions) but this rule can be easily bypassed due to the fact that users are able to easily create incredibly powerful bots with simple scripting. The easier ROBLOX makes it for users to create powerful scripts, the more likely they are going to be used in botting and/or spamming games. This is one of the reasons why user-created games like "The Plaza" have been taken down.

The Free Robux promo codes for ROBLOX can be a really great way for anyone to start using points, tix and other types of currency inside their favorite games free of charge. These things can easily be earned inside the various games on this site without having to spend a lot of money since all the requirements have been met. You will also be able to make good money if you decide to use it as well even if it is only temporary. There are also other offers for those who have been able to access the Free Robux promo codes for ROBLOX and they will want to use them as much as possible.

On September 22nd, 2012, a head developer from the website Games Done Quick sent a cease and desist letter to Roblox because they were using code that he had created without permission. This is one of the few situations where ROBLOX has deleted all of its assets to avoid legal issues.

Most YouTube videos will give you a link that will provide you with a free Robux reward. The amount depends on how many views the video has and the number of subscribers the user has. For example, if an account has over 1 million subscribers, they'll give an extra 2,000 robux for any views that would put them over 10,000,000 views; however this only applies before rewards are scaled down.
