Rated 5 out of 5 by Anonymous from ROBLOX is the Best Roblox is the most fun thing I have ever done in my life. I play this game because there are still lots of games to play and exciting things to do on roblox and this game includes places all over the world, like, for example: I went to see where Roblox came from and it was really cool! This is one of my favorite games that have ever existed.

I really liked playing my own games because it was fun to design a new world for my friends and myself. In my game I could make up anything I wanted. I could add trains, people, animals and pretty much anything else you can think of. I also liked making my own avatar because it gives me a lot of choices in making the way they look. Another thing I was really interested in was Roblox role play which is basically acting like someone else for a little while. You can choose one of your friends or even make up a new person and act like them until you want to stop again. This is good for kids because they get to learn how to act like they're someone else. It's also good for when they have to act in school and it can teach them a lot of things.

On July 10th, 2018 the game was removed from the ROBLOX website and replaced by a non-game item called "Anthem". It is unknown why it was removed. On November 15th, 2018, ROBLOX released a new work-in-progress game on Steam named "Anthem". It was revealed that the company decided to release this new version of the game after listening to many negative comments about its original version.[89] On November 23rd 2018, it was announced that the game would be released for free for everyone due to its many issues.

In August 2016, Roblox announced that they would be offering their service in China. ROBLOX later confirmed that they started to accept users from China in September 2017, during beta testing.[62] Due to Roblox's popularity on Steam Greenlight, they were removed from the platform as of October 17th, 2014.
