Builders Club Premium can be used in games greatly increasing the amount of Robux and/or XP a player earns by a given amount. If used, then Builder's Club is required to play those games. There are two types of premium features: content premium and currency premium. Content Premiums typically involves a single item or feature that changes the game mechanic, such as more life points and/or more room to build, or increased maximum health for monsters. Currency Premiums usually involve the addition of new items to the game that are only available through favorable conditions (for example, allowing players to purchase a specific item for Robux). Some Currency Premiums can also require membership in Builders Club.

It is important to know how hackers gain access to Roblox accounts because of its impact on society. Hackers love discovering new ways to hack into people's accounts and bypass security measures that have been set up by Roblox. In order for this problem to be solved, it is not just up to Roblox but also the users who play it as well. Roblox needs to be more active in providing information on this issue and what hack protection measures are available to its users. Roblox also should be alerting people when they are hacking or when their accounts have been hacked.
