In July 2016, ROBLOX claimed that after the introduction of the new games and improved networking system "We will be supporting many more platforms than before." They also had made the game better so they would offer it on more than Windows, Mac OS X (Snow Leopard and below), Linux (Ubuntu and below).

On January 31, 2018 ROBLOX introduced Community Plots. These plots were originally planned to be released on June 30, 2016, but were delayed. However, they came out on January 31 as "Floating Skyboxes". These plots are a way for ROBLOX users to make money from their creativity and imagination. You still use Robux for them. On July, 2018 ROBLOX introduced the Free-to-Play Game Pass that allows new players to play online games without having to pay ROBUX.

In 2018, ROBLOX added a new feature called the Robux Exchange. The exchange allows players to trade their hard-earned coins for ROBUX and for certain items, which can be used to build games. To use the exchange, players must have at least 50 ROBUX in their account.

On March 22nd 2018 a father claimed that his young son was being harassed by online predators on roblox. His son was given what he believed to be an authentic phone number for support from roblox but it was actually a phone number for an adult service in California called "Spunky".
