As of September 13th, 2018, ROBLOX has officially released the feature for all users.[86] On October 1st 2018, ROBLOX added an update which allowed players to make comments and rate their favorite games and places. The company claims that this feature was added to make it easier for players to find games that they actually enjoy playing.

In a response, Roblox stated that the employee who did this was dismissed after a thorough investigation and that they are committed to making improvements to their workplace environment. Chris Misner also stated that she suffered retaliation from other Roblox employees for contacting the media and posting about her experiences with the company.

Test out games and earn free robux for completing various tasks. The more difficult the challenge is, the more rewards you will get in return. Take time to play video games and collect as much free robux for completing simple tasks.

What I do is take advantage of the events and plan out everything that I want. Once the event is over, I will just go to the Marketplace and wait for it to load. I will then go to the Marketplace and set my price at the lowest price that it can buy for a weapon, then I will wait for a few days. During this time frame, I have been able to sell everything that I have in order to get free robux. And also, you are able to see how much time the event would take depending on how many people enter.

I wrote all of this because I really love Roblox and I just want everyone to have fun in game without worrying about the problems that are being posted above. I think some of the problems can be fixed like muting the people who spam and the moderators should be able to keep a better eye on the areas they are in charge of.
